WORK EXPERIENCE

Freelance

March 2021 – Present

Web Developer

Atlanta, GA

- Work in tandem with clients to develop web sites from start to finish that embody their brand and enhance their business. Focused on creating responsive, accessible, and easy-to-read sites in a timely manner for customers. Manages multiple business projects and deadlines while maintaining client contact, weekly updates, and maintenance for past clients

Dennis Group

July 2020 – Present

System Administrator

Atlanta, GA

- Troubleshoot technical issues related to network connectivity/structured cabling, Wi-Fi installations & support, audio conferencing, media/video display and VoIP phones.
- Provided tier 2/3 help desk support via telephone, face to face and remote desktop communication with end-users utilizing customer service techniques and strong communication skills.
- Install, configure, and maintain PC's, Printers, Servers, and related equipment (monitor, keyboard, mouse, hard drive, etc.) and act as support if any system goes down.

Light Networks

December 2018 – June 2020

Network Engineer

Atlanta, GA

- Implementation, configuration, and troubleshooting of network devices to support client specific network requirements.
- Perform network troubleshooting to isolate and diagnose network problems
- Provide user support by diagnosing network and device problems and implementing technical or procedural solutions.
